A Partial History of Lost Causes Jennifer duBois 2012-03-20 FINALIST FOR THE PEN/HEMINGWAY PRIZE

FOR DEBUT FICTION In Jennifer duBois’s mesmerizing and exquisitely rendered debut novel, a long-lost letter links two disparate characters, each searching for meaning against seemingly insurmountable odds. With uncommon perception and wit, duBois explores the power of memory, the depths of human courage, and the endurance of love. NAMED BY THE NATIONAL BOOK FOUNDATION AS A 5 UNDER 35 AUTHOR • WINNER OF THE CALIFORNIA BOOK AWARD GOLD MEDAL FOR FIRST FICTION • WINNER OF THE NORTHERN CALIFORNIA BOOK AWARD FOR FICTION • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY O: THE OPRAH MAGAZINE “Astonishingly beautiful and brainy . . . [a] stunning novel.”—O: The Oprah Magazine “I can’t remember reading another novel—at least not recently—that’s both incredibly intelligent and also emotionally engaging.”—Nancy Pearl, NPR In St. Petersburg, Russia, world chess champion Aleksandr Bezetov begins a quixotic quest: He launches a dissident presidential campaign against Vladimir Putin. He knows he will not win—and that he is risking his life in the process—but a deeper conviction propels him forward. In Cambridge, Massachusetts, thirty-year-old English lecturer Irina Ellison struggles for a sense of purpose. Irina is certain she has inherited Huntington’s disease—the same cruel illness that ended her father’s life. When Irina finds an old, photocopied letter her father wrote to the young Aleksandr Bezetov, she makes a fateful decision. Her father asked the chess prodigy a profound question—How does one proceed in a lost cause?—but never received an adequate reply. Leaving everything behind, Irina travels to Russia to find Bezetov and get an answer for her father, and for herself. Praise for A Partial History of Lost Causes “A thrilling debut . . . [Jennifer] DuBois writes with haunting richness and fierce intelligence. . . . Full of bravado, insight, and clarity.”—Elle “DuBois is precise and unsentimental. . . . She moves with a magician’s control between points of view, continents, histories, and sympathies.”—The New Yorker “A real page-turner . . . a psychological thriller of great nuance and complexity.”—The Dallas Morning News “Terrific . . . In urgent fashion, duBois deftly evokes Russia’s political and social metamorphosis over the past thirty years through the prism of this particular and moving relationship.”—Publishers Weekly (starred review) “Hilarious and heartbreaking and a triumph of the imagination.”—Gary Shteyngart

Game Theory and Partial Differential Equations Pablo Blanc 2019-07-22 Extending the well-known connection between classical linear potential theory and probability theory (through the interplay between harmonic functions and martingales) to the nonlinear case of tug-of-war games and their related partial differential equations, this unique book collects several results in this direction and puts them in an elementary perspective in a lucid and self-contained fashion.

A History of the Soviet Union from the Beginning to the End Peter Kenez 2006-05-01 An examination of political, social and cultural developments in the Soviet Union. The book identifies the social tensions and political inconsistencies that spurred radical change in the government of Russia, from the turn of the century to the revolution of 1917. Kenez envisions that revolution as a crisis of authority that posed the question, 'Who shall govern Russia?' This question was resolved with the creation of the Soviet Union. Kenez traces the development of the Soviet Union from the Revolution, through the 1920s, the years of the New Economic Policies and into the Stalinist order. He shows how post-Stalin Soviet leaders struggled to find ways to rule the country without using Stalin's methods but also without openly repudiating the past, and to negotiate a peaceful but antipathetic coexistence with the capitalist West. In this second edition, he also examines the post-Soviet period, tracing Russia's development up to the time of publication.

A Partial History of the Universe SC Marshall Welcome to life in the universe after we finally conquer the urge to blow it all up. It's the sort of utopia we all dream of. Almost, if it was run with the help of a probability calculator and teams of well-meaning assistants/assassins. Koven Modi is a first year field historian. He's avoided dangerous missions so far thanks to Professor Wingut, the man who accidentally saved the universe a long time ago. Wingut attended university with Koven's mother, Indira and has had a secret crush on her since they met. A lack of danger suits Koven just fine. He's a slacker and has been known to freeze in a crisis. But a planet in contact quarantine with a medieval civilization has unexpectedly started using advanced comms technology. Due to the Klept crisis Koven gets his first dangerous mission. Allor is on the cusp of bringing all of Earth Seven under his rule. As a child he was a thief. Now he heals the sick with alien technology He flies across the sky as if by magic. He even has an interstellar drive system but believes it is a weapon. How many would you kill to end all war and bring peace to your planet? Koven Modi is sent to Earth Seven to investigate. Koven isn't the best person for the job. He's the only one left. Everyone else is looking for Prof. Klept and his dog. If you like satire and enjoy considering alternative answers to fundamental questions join thousands of your species to discover the misadventures of Koven and Prof. Wingut. Sometimes when you stare into the abyss it smiles back. A Partial History of the Universe - Earth Seven, Mortuis Luna, The Finite Void, The History Department Trilogy, an accidental trifecta. Get A Partial History now before your planet self-destructs (currently a 63.82%
