Twice a Daughter Julie Ryan McGue 2021-05-11 Julie is adopted. She is also a twin. Because their adoption was closed, she and her sister lack both a health history and their adoption papers—which becomes an issue for Julie when, at forty-eight years old, she finds herself facing several serious health issues. To launch the probe into her closed adoption, Julie first needs the support of her sister. The twins talk things over, and make a pact: Julie will approach their adoptive parents for the adoption paperwork and investigate search options, and the sisters will split the costs involved in locating their birth relatives. But their adoptive parents aren't happy that their daughters want to locate their birth parents—and that is only the first of many obstacles Julie will come up against as she digs into her background. Julie's search for her birth relatives spans eight years and involves a search agency, a PI, a confidential intermediary, a judge, an adoption agency, a social worker, and a genealogist. By journey's end, what began as a simple desire for a family medical history has evolved into a complicated quest—one that unearths secrets, lies, and family members that are literally right next door.

Mending Fences Lucy Francis 2012-02-01 She was the first woman to turn him down. CEO-turned-rancher Curran Shaw is no stranger to hard work, but women have never required much effort. When a mysterious brunette at a resort-town Halloween party sparks his interest and then vanishes, he vows to finish what she started. It's finding her that's going to be the hard part. He was her fantasy, and that's all he could ever be. Victoria Linden has reconstructed her life and soul from the devastation wrought by an abusive ex and her own failures. She desperately wants to be loved, but what man will agree to the control and limitations she needs in order to hold herself together? Especially a man like Curran, who's used to getting whatever he wants. Walking away from him after a searing kiss is her only option. When serendipity brings them together in the snowy mountains of Utah, will Victoria and Curran be able to mend the fences in their hearts, or will discovery and heartbreak tear them apart?

Danger At Her Door Beth Cornelison 2007-08-01 Megan Hoffman was desperate to keep her past hidden. She'd moved to a small town, started a new job and changed her name. A fresh start couldn't erase the danger she'd left behind. Or heal the scars fear had branded on her soul. But she was making it, one day at a time. Until Jack Calhoun moved in next door. The crack reporter had an instinct for rooting out lies—and an overprotective urge honed as a single dad. With her enemy still lurking, Megan found trusting Jack with her secrets meant trusting him with her life. And Jack's deadline was looming....

Rancher Under Cover Carla Cassidy 2011-10-01 American surgeon Caitlin O'Donahue nearly lost her life doing volunteer work in the sultry jungles of El Salvador. She escapes to her childhood ranch to discover her father is in hiding. Now the place that was once safe seems dangerous. The only man she can trust is a stranger—a gorgeous rancher with an agenda and deep-set secrets. Undercover agent Rhett Kane is hell-bent on busting Caitlin's father. His assignment doesn't include protecting Caitlin...or taking her under cover in the most sensual way. When his dual lives collide, he's left with the ultimate choice. Will he choose love over duty—and will it cost him his life's mission?

The Doctor's Wife Cheryl St. John 2011 Ellie Parrish has done a great job running away from a horrific past. Now, her goal -- unrealistic as it may be -- is to remove her brothers from servitude and take care of them herself. An accident brought Ellie and Dr. Caleb Chaney, a widowed doctor with an infant son, together. And necessity kept them together as helpmates. But then Caleb shocked Ellie with a marriage proposal. Initially, Ellie recoiled: people like her simply do not marry the likes of Dr. Caleb Chaney. And even if his offer is the answer to her prayers, Ellie feels that a man as decent as Caleb doesn't deserve a woman whose entire past is a lie. Caleb could see that Ellie was a woman with a troubled soul. But beyond that, he sees a woman with a heart big enough to love his infant son as if she were his mother. Marriage would solve both of their problems -- and might even open the doors to a warm and lasting love . . .

Salt Boy Mary Perrine 1968 When danger to the sheep leaves no alternative, a young Navajo boy breaks his promise to his father and is rewarded for his courage and good judgment.

Nudes Elle Nash 2021-04 Fiction. Women's Studies. Short Stories. Beginning with a story of an ex sex-worker drifting through a small rural town in the south, and ending with a young woman's wedding night, who learns from her new husband what it takes to kill a man, Nash writes across the complications of working class women, rendering their desires with visceral prose and psychologically dissecting the fundamental root that threads her work: craving and the conflicts within.

Beautifully Ruined Nessa Morgan 2014-03-06 I feel I'm losing it all, everything I've kept near and dear--I'm shoving it away because I don't know how to keep my life in order anymore. What was

simply fine and okay is no longer either. My world is growing into one black hole, dragging me down. I've discovered my monsters, I've found my demons, and to make sure no one goes down with me, I've given them an out. I've given Zephyr the out he deserves. But was it worth it? Just when Joey's life seemed to be getting better, one night sends her memory into overdrive. Not able to cope, she pushes away the only friend she could count and tries to cut out all the rest. When a new student walks into her class and is assigned the seat next to hers, Joey's not sure whether to punch him or kick him below the belt with how forward he is. All this while fighting the urge to go back and beg Zephyr to be hers again. When the unthinkable happens, she has a hard decision to make--the hardest she's ever had to make: to stay or go.

ELECTRICAL AND ELECTRONIC MEASUREMENTS GOPAL KRISHNA BANERJEE 2012-01-18 In this modern scientific world a thorough understanding of complex measurements and instruments is the need of the hour. This book provides a comprehensive coverage of the concepts and principles of measurements and instrumentation, and brings into focus the recent and significant developments in this field. The book presents an exhaustive exposition of different types of measuring instruments and their applications in an easy-to-grasp manner. It presents even the minute details of various measurement techniques and calibration methods, which are the essential features of a measurement programme. The book elaborates on the theoretical background and practical knowledge of different measuring instruments to make the students accustomed to these devices. An in-depth coverage of topics makes the text useful to somewhat more advanced courses and its elaborated methodology will help students meet the challenges in their career. This book is ideally suitable for undergraduate students (BE/B.Tech.) of Electrical, Electronics and Instrumentation and Control disciplines of engineering. It can be also used as reference book for the cable testing, testing of instruments transformers, testing of energy meters and measurement of physical variables. KEY FEATURES : Gives a number of chapter-end review questions and numerical problems for practice. Includes plenty of diagrams to clarify the concepts. Contains about 250 problems and 200 solved examples for the benefit of the students.

The New Hope Cafe Dawn Atkins 2012-10-01 Welcome to New Hope, AZ New Hope? Not from where Cara Price is standing. Miles from her destination, a car that won't run and a daughter she can protect only by moving, lingering in this town is not on Cara's plan. And the harder she pushes to leave, the more things conspire to prevent that. There's the slow mechanic...there's the café in need of a waitress...there's its owner in need of a friend.... There's also the very tempting Jonah Gold. Cara's plan is all about survival with no room for romance. Yet, Jonah's charm and the easy way they work together has her wanting to make space for him. The promise of what they share is so different from the life she's escaping. Maybe this café, this town and Jonah are all the hope she needs!

The Nomadic Developer Aaron Erickson 2009-05-05 Learn the Real Secrets of Succeeding as a Software or IT Consultant in Any Economic Climate! Despite economic cycles, the idea of using technology to make a company more efficient and competitive—or perhaps even reach a new market—is appealing to all but the most desperate and cash-starved companies. More and more often, those companies look to technology consultants to fulfill their needs. There are real advantages to being a consultant. You make contacts with a lot of different people; you get exposure to many industries; and most important, unlike a software developer in the IT department for a brick-and-mortar company, as a technology consultant, you are the profit center...so long as you are billing. Consulting can be hugely rewarding—but it's easy to fail if you are unprepared. To succeed, you need a mentor who knows the lay of the land. Aaron Erickson is your mentor, and this is your guidebook. Erickson has done it all—from Practice Leadership to the lowest level project work. In *The Nomadic Developer*, he brings together his hardwon insights on becoming successful and achieving success through tough times and relentless change. You'll find 100% practical advice and real experiences—his own and annotations from those in the trenches. In addition, renowned consultants—such as David Chappell, Bruce Eckel, Deborah Kurata, and Ted Neward—share some of their hard-earned lessons. With this useful guidebook, you can Objectively assess whether the consultant's life makes sense for you Break into the business and build a career path that works Avoid the Seven Deadly Firms by identifying unscrupulous technology consultancies and avoiding their traps and pitfalls Understand the business models and mechanics that virtually all consulting firms use Master secret consulting success tips that are typically left unstated or overlooked Gain a competitive advantage by adding more value than your competitors Continue your professional development so you stay billable even during bad times Profit from both fixed-bid and time-and-materials projects Build a personal brand that improves your resiliency no matter what happens

Twelve Years a Slave Solomon Northup 2021-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Estimating Market Value and Establishing Market Rent at Small Airports Aviation Management Consulting Group, Inc 2020 "Staff from smaller airports typically lack specialized expertise in the negotiation and development of airport property or the resources to hire consultants. ACRP Research Report 213 provides airport management, policymakers, and staff a resource for developing and leasing airport land and improvements, methodologies for determining market value and appropriate rents, and best practices for negotiating and re-evaluating current lease agreements. There are many factors that can go into the analysis, and this report reviews best practices in property development."--Foreword.

The Gallows' Bounty Desiree Banks 2012-11-25 She had every reason to die until he gave her every reason to live. Women should be protected... Ezra Boden, known as Butcher Boden to the criminals he's brought to justice, forged a name for himself as a bounty hunter to outrun a painful past. Now all he wants is peace and quiet. That is until he catches sight of Willow, a woman whose eyes told him she's also lived a life of pain. He's bent on showing her that he's one of the good guys. Men can't be trusted... Willow Donovan learned that lesson at a young age, and she isn't about to forget it, not even for a man who saved her from a hanging. Used to fighting her own battles, Boden's tender care soon has her wishing she could forget life's hard lessons. Can tenderness, mutual desire, threatening pasts, and the uncertain present forge a trust, a love to last a lifetime?

With Amusement for All LeRoy Ashby 2006-05-12 With Amusement for All contextualizes what Americans have done for fun since 1830, showing the reciprocal nature of the relationships among social, political, economic, and cultural forces and the ways in which the entertainment world has reflected, changed, or reinforced the values of American society.

Unsanctioned Memories Julie Miller 2010-06-01 FBI agent Sam O'Rourke was on an unsanctioned mission to hunt down his sister's murderer. The steely-eyed lawman's investigation led him to Jessica Taylor--the one victim, in a string of many, who'd escaped with her life and whose missing memories made her a target for a demented madman. Posing as a ranch hand, Sam was determined to gain the fragile woman's trust to solve this crime. However, Sam hadn't counted on this lone witness awakening his deadened heart with her sumptuous beauty and unflinching courage. A case that had begun as an unrelenting thirst for vengeance suddenly roused his every protective instinct. Now Sam had an intensely personal stake in reeling in a killer....

PCB Design for Real-World EMI Control Bruce R. Archambeault 2013-06-29 Proper design of printed circuit boards can make the difference between a product passing emissions requirements during the first cycle or not. Traditional EMC design practices have been simply rule-based, that is, a list of rules-of-thumb are presented to the board designers to implement. When a particular rule-of-thumb is difficult to implement, it is often ignored. After the product is built, it will often fail emission requirements and various time consuming and costly add-ons are then required. Proper EMC design does not require advanced degrees from universities, nor does it require strenuous mathematics. It does require a basic understanding of the underlying principles of the potential causes of EMC emissions. With this basic understanding, circuit board designers can make trade-off decisions during the design phase to ensure optimum EMC design. Consideration of these potential sources will allow the design to pass the emissions requirements the first time in the test laboratory. A number of other books have been published on EMC. Most are general books on EMC and do not focus on printed circuit board is intended to help EMC engineers and design design. This book engineers understand the potential sources of emissions and how to reduce, control, or eliminate these sources. This book is intended to be a 'hands-on' book, that is, designers should be able to apply the concepts in this book directly to their designs in the real-world.

Fire in Montana Greg Martin 2006-05 In the summer of 1949 fifteen smokejumpers parachuted into a remote Montana canyon called Mann Gulch. It started as a very small fire in rugged country but within two hours after landing, thirteen of these young men were caught in a raging inferno and were killed. They died bravely, together with their friends, and in the service of their country. Everyone was young and attractive, healthy and strong, enthusiastic and in love. They were bursting into the prime of their lives. There were no malcontents here. Everyone did their best but events overtook them. Until now the actual time line has never been connected to the people involved. Fire in Montana connects the lives of young smokejumpers who lived with a joy of life and expectations of shining futures, the forest rangers and volunteers who fought valiantly to rescue them, and their families, lovers, and friends who were forced to wait and pray, then face the devastating and heart wrenching loss.

Being Brave Again Anais Torres 2016-07-26 How do you handle life after a sexual assault? It's easy to ignore or deny our fears, even to ourselves, in a society that stresses the importance of being strong and brave. However Rachel Taylor learns that courage can't come into play unless she admits she has a fear to face down. By owning her feelings she takes the first real step towards gaining control over her life after the assault. After two years of heartache, silence, required therapy and two failed suicide attempts. Rachel takes her recovery into her own hands. There has to be more to life than being "that girl." If she was strong to be a survivor then, she's strong enough to keep surviving now. So she transfers to a new school, in a new place, surrounded by strangers. Now Rachel has to come face to face with the realities of social dynamics, love triangles, and learning to trust again but can she learn to be brave again?

Women Chloe Caldwell 2019-03 'A beautiful read / a perfect primer for an explosive lesbian affair / an essential truth' Lena Dunham 'I have meditated repeatedly on what it was about Finn that had me so dismantled.' A young woman moves from the countryside to the city. Inexplicably, inexorably and immediately, she falls in love with another woman for the first time in her life. Finn is nineteen years older than her, wears men's clothes, has a cocky smirk of a smile - and a long-term girlfriend. With precision, wit and tenderness, Women charts the frenzy and the fall out of love.

Hidden Moon Lori Handeland 2020-02-02 Forbidden love? Simply irresistible . . . Lake Bluff, Georgia, in the heart of the Blue Ridge Mountains, was once my home. But when the bright lights of Atlanta beckoned, Claire Kennedy had to answer. I'd dreamed of working in a newsroom, like my mother, for far too long. My father's sudden death brings me back. Definitely older, I thought I was a lot wiser. So how did I ended up finishing out my father's term as mayor? A band of Gypsies arrives to entertain at our Full Moon Festival, driving wagons as old and colorful as their ancestors, filled with animals both exotic and dangerous. They appear to have walked out of a bygone century. Their leader, Malachi Cartwright is not only attractive but secretive and mysterious. When my last relationship ended in a cruel betrayal, I swore off men forever. But this one may change my mind. Then all hell breaks loose. Wolf howls are heard in mountains that have been wolf-free for a century. A tourist is mauled, then disappears. Magical runes marked with Nazi symbols are found at the scenes of further attacks. As an eclipse approaches, enemies are everywhere. Is Malachi one of them?
